

Get on the **STAR** Track!

Star Track Afterschool Resource Program begins Tuesday, September 10, 2013.

Dear Our Lady Families:

Here is an awesome afterschool opportunity available for all Our Lady of the Lake Regional Catholic School students in grades **Kindergarten through Eighth**.

Our developing program is offered **free of charge** through Title I funding. There will be a certified/highly qualified teacher mentoring this three day a week program.

Who: All Kindergarten through Eighth Grade Students

What: After School Resource Program*

Where: Our Lady of the Lake Regional Catholic School

When: Tuesdays, Wednesdays, and Thursdays

Time: 3 p.m. (after school) – 4:30 p.m.

*Our afterschool program will offer the opportunity for afterschool homework help, work time, enrichment opportunities, and learning activities (including some approved online). Your student's teacher or you may recommend areas your student needs extra support or homework support.

This is an educational learning opportunity. Students are welcome to come any or all three days if they like. It is flexible; for example, maybe one week all three days works best for your family and student and the next week only Wednesday works.

Please see the attached page for permission slips/attendance forms.

For more information, please contact your student's teacher, Mrs. Smith 989-387-9506, or the school office 989-366-5592.

Blessings,

Mrs. Smith
